Do you have any special considerations or requests regarding placement?

7. The *On Eagle's Wings* staff and boards have identified four Core Values. These values are the foundation for our ministry and organization. As you reflect on teaching Summer Bible School, how would you refine your understanding of the following values?

- a. Respect
  
- b. Integrity
  
- c. Stewardship
  
- d. Ecumenism

8. A primary goal of *On Eagle's Wings* is to identify, encourage, and train local people as Christian Education teachers, helpers and leaders in their own community. What were the challenges in doing this? What would you do differently this year to encourage local people to be involved and to be part of your team?

9. Getting to know people from another culture is an important part of Summer Bible School. What will you do to further build relationships with the people in the community you serve?

10. What have you learned that will help you work together as part of a team? How will you encourage and participate in personal and team devotional time?

11. What would have been helpful to know prior to your previous year as an *On Eagle's Wings* volunteer? If a SBS orientation workshop is held in your area, would you make yourself available to attend? What would be the most advantageous on the agenda of the workshop?

12. Additional Comments
